

Lista Workstations and Cabinets for Dental Laboratories

**Flexible, functional
and affordable solutions.**

Efficiency. Productivity. Ergonomics.

Practice made perfect for every dental laboratory.

Lista offers workspace and cabinet solutions that provide functional designs, flexible configurations and technician-friendly environments.

The extensive line of solutions for technicians' areas, plaster areas, ceramic/porcelain areas, supply rooms, CAD/CAM areas and shipping and administrative areas, means Lista can be your single source for everything you need, now and in the future.

Lista Customizability

Lista workbenches, storage cabinets and wide range of Arlink® 8000 dental workstations equip your lab with the customized functionality that best suits your needs. Our wide variety of shelving and storage, dust collection accessories, waste drawers, instrument drawers, document holders and computing support accessories maximizes your productivity.

Lista Functionality

Lista's Arlink® 8000 workstations offer the adaptability for lean operations and clean, productive environments.

Lista Modularity

Every Lista workspace solution is an optimal combination of ergonomics and utility.

Modular Dental Technician Workstations

The standard in dental technician workstations.

Versatility. Reconfigurability. Affordability. Perfect descriptions for Lista's Arlink® 8000 Dental Technician Workstations. Available in a choice of heights and widths in either single-sided or double-sided configurations, this is the most modular, flexible, re-configurable Technician Bench available today. These solutions provide your technicians with an ergonomic, comfortable workstation that will improve productivity and morale.

Modular Dental Technician Workstation features:

Choices of configurations allow you to perfectly fit your benches into your facility to accommodate your unique work flow. Worksurfaces and shelves are easily adjustable vertically in 3" increments and shelves can be mounted flat or tilted.

- Column height: 54" or 72"
- Module width: 48" or 60"
- Worksurface depth: 24"
- Worksurface material: standard laminate, stainless steel, solid surface material or phenolic resin
- Single- or double-sided configuration
- Multiple hanging or mobile drawer configurations available
- Power beam
- High-output 4 bulb light with color corrected bulbs
- 9" lab style wire case pan shelves
- Lap drawer
- Air hose/nozzle assembly

Our unique downdraft module integrates dust collection into your worksurface.

All-Purpose Dental Technician Workbenches

The affordable, flexible solution.

Our All-Purpose Dental Technician Workbench is a basic, affordable, all-purpose workbench that is available with a wide selection of worksurface materials and accessories. It's functional, flexible, and can be configured for shipping and receiving applications.

All-Purpose Workbench features:

Lista's selection of pre-configured All-Purpose Workbenches are highly adaptable to suit a wide range of uses. These heavy-duty 4-leg benches are height-adjustable and will stand up to whatever you throw at them.

Standard features include:

- Footprint of 48" x 30" or 60" x 30". Other sizes available
- Light Gray bench with Dark Gray decorative skirting panels
- Leg extenders with leveling glides. Height can be easily adjusted on site before, during or after installation
- Lap drawer
- Choice of worksurface material:
 - Standard laminate
 - Solid surface material
 - Phenolic resin

Optional features include:

- Above-worksurface accessory system in 24" and 45" heights
 - 24" height includes two open wire 9" deep case pan shelves and an 8-outlet power strip
 - 45" height includes two open wire 9" deep case pan shelves, a high-output light fixture with color correct bulbs and an 8-outlet power strip
- A wide selection of hanging drawer units
- Task lights
- Stainless steel work plates
- Air hose/nozzle assembly
- Jet port for dust collection

Case Pan Carts

Adaptable cart system for storage & transport of case pans.

Highly versatile Lista Case Pan Carts combine case pan storage and movement. These Nexus System carts are stable, highly mobile solutions to your case pan management needs.

Pre-configured Case Pan Cart features:

- Mobile base includes 2 swivel and 2 locking swivel casters, and side push handle
- 54" high cart available in choice of three widths: 30", 36" and 48"
- Choice of single-sided or double-sided configuration
 - Single-sided model includes 3 open 9" deep wire case pan shelves
 - Double-sided model includes 6 open 9" deep wire case pan shelves

Plaster Benches

Durable, versatile solutions.

Pre-configured Plaster Bench features:

- Benches are available in two lengths, 85" and 125", and include:
 - 30" deep stainless steel top with marine edge and integrated 4" high backsplash, sink, faucet and trash chute
 - Both door and drawer cabinets
- Other sizes and configurations are available.

Casting Benches

Tough, functional solutions.

Pre-configured Casting Bench features:

- Casting bench is 85" wide x 30" deep and includes:
 - Phenolic resin top with 4" backsplash
 - 56.5" wide riser shelf
 - Casting well
 - Both door and drawer cabinets
- Freestanding casting cabinet is 28.25" wide x 30" deep and includes:
 - Phenolic resin top
 - Casting well

Processing Area Cabinets

Configured to meet the specific needs of your facility.

With Lista's extensive selection of base cabinets and wall cabinets you can design your lab to meet both the size and functional requirements of your facility.

Lista offers a wide range of cabinets that can be configured with door and shelf storage, with drawer storage or with a combination of both.

Wall cabinets are available as open shelves, with sliding doors, hinged doors or even with Plexiglas doors. The wall cabinets are 29" high and available in 10 different widths. Lista also offers wall mounted wire shelves for case pan storage.

Worksurfaces are available in a wide range of materials: stainless steel (with or without marine edges), high-pressure laminates, resin and solid surface material (Corian, Gibraltar).

ListaWorks™ made workspace work at these dental laboratories:

Stainless steel integrated sink and top with marine edge and 4" high backsplash make cleanups convenient and improve appearance. Unique wet/clean base allows for easy cleaning, even in wet environments.

Optional mobile storage cabinets add additional flexibility and functionality to almost any workbench configuration.

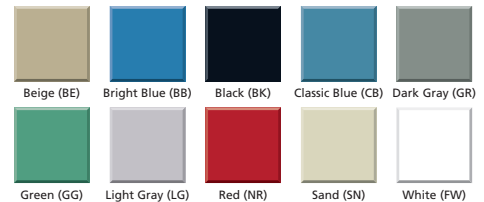

A wide range of cabinet sizes and styles allow for a custom fit to your precise floorplan and needs.

Lista's upright systems represent another flexible and affordable option with additional vertical space for shelves, lighting, drawers and other accessories. Completely retrofittable.

Lista Color Options: Durable and tough, to match your environment.

All Lista products feature a high-quality, semi-gloss, durable powder coat finish that is smooth, uniform and attractive. Color matching is available.
